

## eForms

## Electronic Forms with Payment and Workflow Automation

### Enliven Software's eForms Solution

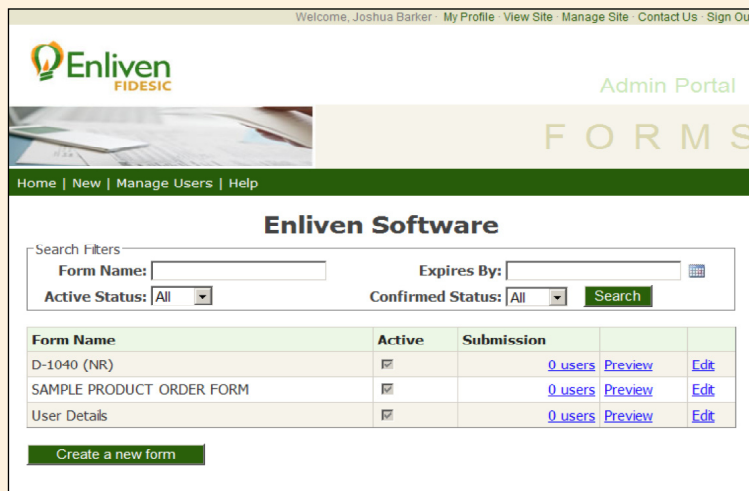

Does the majority of your "online" information submission involve a PDF being printed by your customers who are then asked to fill in sensitive information, attach payment information, and fax it or mail it back to you?

### Now, you can...

Put an end to customers filling out forms and sending them back in to you. Close the gap between your business workflow approval and your customer's delicate financial information. Our online forms can make you and your company more efficient.

### Now, you can...

Because our eForms solutions is easily integrated with your existing workflow, eForms will instantly make your business processes more painless and help to mitigate the risk associated with collecting personal and financial information using traditional means.

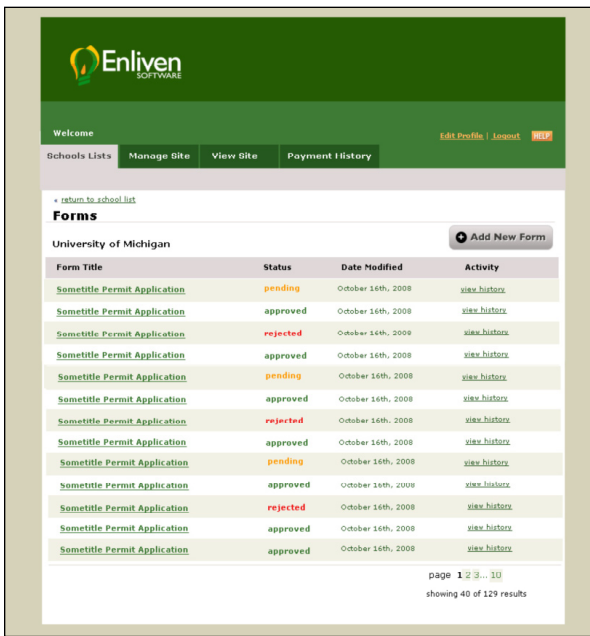

### What eForms can do for your business

- Provide online registration for permits, employment, certificates, licenses, etc.
- Takes due payments & renewals
- Collect donations
- Post surveys to gain valuable feedback
- Accept payments online via credit card, ACH transaction, and PayPal.

### Made for your business
